

NATIONAL SURVIVAL INDUSTRIES

Graphene Anti-Virus 3D Stereoscopic Mask

GDI First Response and National Survival Industries

GDI First Response along with National Survival Industries and attention of Mr. Philip Cabana, Chairman of the Board, First Response and Security.

I would like to thank you for global deployment to supply medical certificated products with FDA approvals to present to your network of governments and medical agencies worldwide and for logistical and deployment by integrating products along side testing kits, masks for GDI First Response Kits.

We would like to present the masks for viruses with added private labeling and co-branding with GDI First Response.

Our core technology is based on preventing the spread of dangerous bacteria and viruses as you will see in our brochure on our projects with you as a business partner for deployment.

We look forward to business relationship cobranded lines, present logistics, and freight forwarding with our factories and assembly line.
see photo, specifications, certificates of FDA and CE attached and samples to be sent to Suite 5 , 231 Sussex Gardens Lancaster Gate, London W22RL
