

OFFICE OF THE GRAND MASTER  
AND HEAD OF THE STATE

April 17<sup>th</sup>, 2020

Dear Sir Florentin,

You cannot imagine how moved and touched we are, knowing that this humanitarian action taken by the Knights of our Priory of Benin can save many lives to the population of Benin. We also want to thank Prof Henri Nsika for his help.

We are indeed very happy to see that our Knights in different continents, from Europe to Africa, Asia and America are giving a strong and very positive, in many cases like yours, even decisive, to save lives.

Indeed from the Grand Priory of Florida USA to the Femeraid Ambulance Service in Malta, from KMFAP Mozambique to Femeraid International Air Rescue, from Benin to Hungary, from United Arab Emirates to Asia, these only to mention a few of our Institutions, have been active in joining the global fight against the COVID-19, and in many cases risking their own lives to save the lives of others.

It is in dramatic moments like this that we know for sure that the work of our Team and of our Government to promote our Sovereign Order and State in the World has not been in vain.

We are very proud of our Knight of St. John and the Benin Priory is an example to all.

Yours in St John

José, P.

H.M.E.H. Jose, Prince

Grand Master and Head of the State April 17<sup>th</sup>, 2020
