

COVID-19 PRODUCTS

PPE Face Masks + proprietary ecologically safe antimicrobial cleaning products

NANOPROM®

EASY PROTECT™

EASY PROTECT™

- Proprietary patented FFP1 PPE face mask for use in hospitals and nursing homes
- Successfully adopted by the Italian Healthcare System during COVID-19 pandemic
- Rigid EU compliance
- Made in Italy

EU COMPLIANCE

- **Cytotoxicity**

ISO10993-5:2009 guidelines

- **Bacterial Filtration Efficiency (BFE)**

BS EN 14683

- **Microbial Cleanliness (Bioburden)**

BS EN 14683

- **Breathability / pressure drop**

BS EN 14683

SURGICAL STAMP™

SURGICAL STAMP™

- **Proprietary add-on solution to complement existing FFP2 / FFP3 PPE face masks**
 - **Provides** an additional level of protection for hospital patients against the portion of the air flow coming out of the FFP2/FFP3 PPE's filtration valve
 - **Assures** efficient 2-way air flow protection: equally for its wearer, and non-wearer
 - **Eliminates** one of the main weakness relating to the use of convectional FFP2 / FFP3 valved face mask PPEs
- **Fully compatible with most third-party PPE products**
- **Successfully adopted by the Italian Healthcare System during COVID-19 pandemic**
- **Rigid EU compliance**
- **Made in Italy**

EU COMPLIANCE

- **Cytotoxicity in compliance with the ISO10993 - 5:2009**

ISO10993-5:2009 guidelines

- **Bacterial Filtration Efficiency (BFE)**

BS EN 14683

- **Microbial Cleanliness (Bioburden)**

BS EN 14683

- **Breathability / pressure drop**

BS EN 14683

- **ISO Skin Irritation Study (surgical glue)**

Namsa, 14 August 2004 | ISO10993-10

- **ISO Closed Patch Sensitization Study (surgical glue)**

Namsa, 27 April 2004 | ISO10993-10

- **ISO Cytotoxicity Study using the ISO Elution Method (surgical glue)**

Namsa, 13 August 2004 | ISO10993-5

FORCE ONE CLEANER™

ECOLOGICALLY FRIENDLY ANTIMICROBIAL CLEANING SOLUTION FOR LONG LASTING PROTECTION

Furniture, Floors, Surfaces

Door handles and knobs

Computers, Machinery, Tools and Equipment

Sanitation

FORCE ONE **CLEANER**™

- **Proprietary patented dual purpose universal water-based alkaline antimicrobial cleaner**
 - Effectively cleans dirt, dust and grease while providing strong long lasting antimicrobial protection
