FULLY AUDITABLE SUPPLY CHAINS

Our full range of versatile protection kits cater to all of the most important verticals globally and have been specifically developed to provide universal solutions to various a global problems. The ease with which such protection can be deployed is what makes our products so versatile given the urgency of the current global situation.

AIM-X is in control of the entire supply chain via the ownership of the raw materials facilities, factories owned by its parent holding company in China, additional manufacturing facilities co-operating in a joint venture with AIM-X, the internal logistics and freight forwarding via its in house fleet of vehicles as well as the ownership of several private planes for the delivery of the goods to global destinations.

DISCLAIMER

This presentation is issued by AIM-X Global LLP, a wholly owned company of PosTel Systems LLP. It is solely for general information purposes and for the recipient's sole use and shall not be further transmitted to third parties. You have been provided with this presentation in your capacity as an interested party, investor, originator, sponsor, issuer or simply as an introduction to AIM-X Global LLP. This presentation is not a prospectus and the information contained herein does not constitute an offer or an invitation to enter into any type of financial transaction, nor an act of distribution, a solicitation or an offer to sell or buy any investment product in any jurisdiction in which such distribution, offer or solicitation may not be lawfully made.

This presentation may contain forward-looking statements. Words such as 'expects', 'anticipates', 'intends', 'believes' or the negative of these terms and other similar expressions of future performance or results, including any financial objectives, and their negatives are intended to identify such forward-looking statements. These forward-looking statements are based upon current expectations and assumptions regarding anticipated developments and other factors affecting AIM-X Global LLP. They are not historical facts, nor are they guarantees of future performance. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements, including, among others, competitive pricing and activities, consumption levels, costs, the ability to maintain and manage key customer relationships and supply chain sources, currency values, interest rates, the ability to integrate acquisitions and complete planned divestitures, the ability to complete planned restructuring activities, physical risks, environmental risks, the ability to manage regulatory, tax and legal matters and resolve pending matters within current estimates, legislative, fiscal and regulatory developments, political, economic and social conditions in the geographic markets where AIM-X Global LLP operates. These forward-looking statements speak only as of the date of this presentation.

AIM-X Global LLP does not make any representation, whether express or implied, as to the accuracy or completeness of this presentation and assumes no liability for losses arising from the use hereof. Before entering into any transaction, an investor should determine if a product suits its particular circumstances and should independently assess (with its professional advisors) the specific risks (maximum loss, currency risks, etc.) and the legal, regulatory, credit, tax and accounting consequences. AIM-X Global LLP makes no representation as to the suitability of any investment product for any particular investor nor as to the future performance of any investment product.
