

GLOBAL WEALTH MANAGEMENT PRESENTATION

About us

- ▶ 4 SquareBiz (4SB) is a subsidiary of Intellitranz Transaction Systems (ITS), a global payment logistics company utilizing block chain technology for transaction enablement and payment fulfillment processing.
- ▶ Our company's leadership experience in ecommerce dates back twenty-four years.
- ▶ ITS pioneered in conjunction with Arthur Anderson LLP purchase and privacy assurance guarantee for the Internet a year before credit card companies
- ▶ We are now bringing that purchase and privacy assurance to blockchain transactions.
- ▶ A select group of institutional partners, i.e. trade platforms and international global banking infrastructure providers, have been invited to participate as our core early-in investors.

Purpose

- ▶ Their participation will serve a dual purpose.
- ▶ They will assist 4SB in creating the financial infrastructure needed to launch initial block chain operations.
- ▶ Secondly, they will be incorporated into 4SB's initial customer base.
- ▶ These value-added relationships have created an ultimate blockchain financial matrix opportunity of great importance.
- ▶ These four verticals when running concurrently will be able to jointly transact utilizing a multi-scale capability that few others can achieve which further differentiates us from our blockchain competitors

Quantum Transaction Hubs

- ▶ The four-square biz quantum transaction hubs will be sequentially deployed.
- ▶ We anticipate a 12 to 24 months developmental time-frame needed in order to bring the company's four verticals to full operating capacity.
- ▶ 4 SquareBiz utilizes a combination of e-Commerce and proprietary artificial intelligence continuous steaming technology.
- ▶ This allows us to create a block chain transaction that can operate multiple peer to peer transaction exchanges in real time.
- ▶ Our coin offerings will be stabilized by technology, gold, diamond and hard assets, as well as, fiat assets.

AGENDA

Global Marketing Strategy

Our world changing agenda focus is to execute a two hundred country global marketing strategy utilizing the best of breed technologies in the four largest industry vertical in the world. These are

- Healthcare
- Banking
- Energy
- Lifestyle Fulfillment

This is done by using a country by country growth formula that changes (have not countries) into (have countries).

Business Development Model

10 Golden Rules of Success

- ▶ We are an STO coin which automatically makes us top tier
- ▶ We are based in institutional markets; not retail based markets like 97% of the industry.
- ▶ Our coins are strategically in the four largest trillion-dollar industry verticals in the world which are: Medical, Banking, Energy & Lifestyle Fulfillment which covers everything else including sports and entertainment.
- ▶ We have the best of breed technology companies in each of our verticals.
- ▶ Revenue generating companies behind our tokens increase our coins valuation.

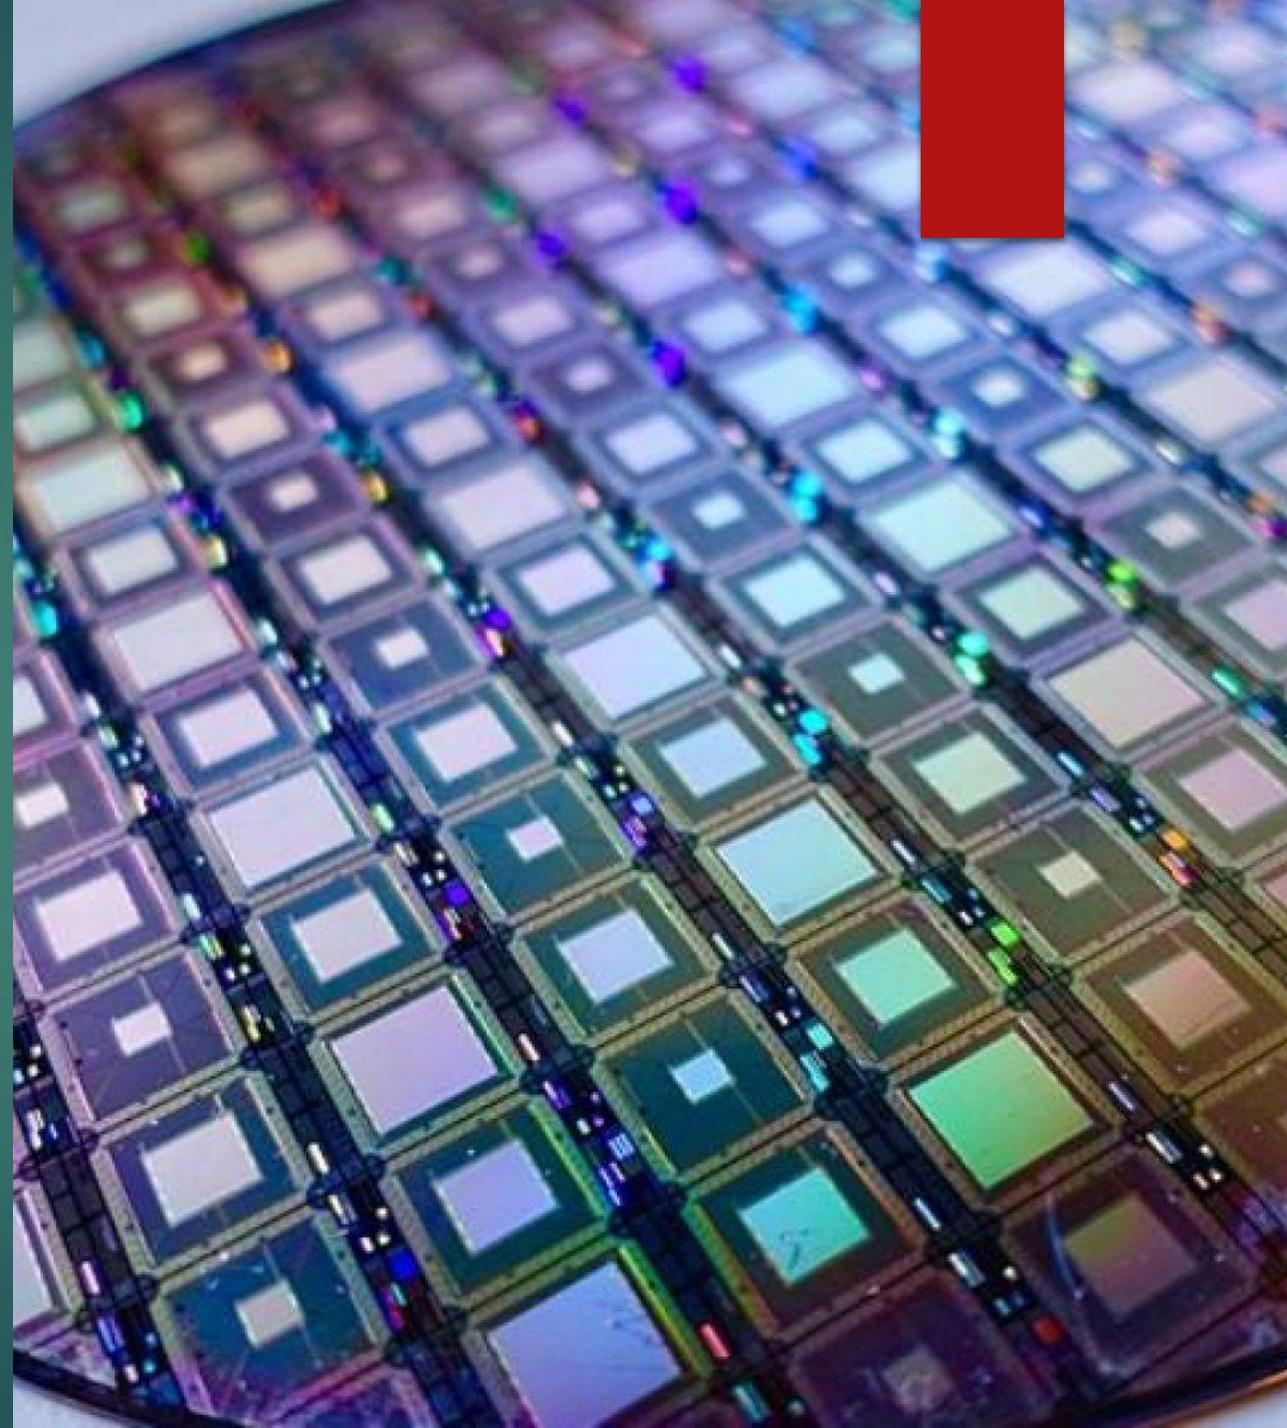

Golden Rules Cont'd

- ▶ Our coins produce a quantum profitability factor unmatched in the industry.
- ▶ All our coins are backed by hard assets including technology, gold, oil and diamonds.
- ▶ Our coins will be traded on both stock and coin exchanges.
- ▶ Our coins exit strategy are money market proven.
- ▶ We have a 200 countries marketing agreement to integrate our coins as payment fulfillment and transaction enablement instruments in both commercial and government smart transaction hubs.

Quantum Hubs

- ▶ The 4 SquareBiz quantum transaction hubs are organized in a sequence of deployment based upon capitalization returns.
- ▶ These value-added relationships have created an ultimate blockchain financial matrix opportunity.
- ▶ These four global ecommerce verticals will run concurrently to differentiate us from our blockchain competitors by utilizing a multi-scale capability that few others can achieve.

Medical

- ▶ 4 SquareBiz Medical Platform featuring the RX1 Coin is the first of our two medical coins with expansion opportunities into 120 countries that have extended welcoming overtures to one of our key Medical Technology companies.
- ▶ A second Medical Technology Company has already received contracts for three hundred thousand digital diagnostic scans from one nation that wants its entire population of 1.6 billion to receive the medical diagnostic scan for tuberculosis in the coming years.
- ▶ No less than a dozen innovative ground-breaking medical technologies including medical insurance will be infused into the RX1 Coin.

Amongst many of our Humanitarian missions one of the most exciting and futuristic forward-looking project is the use of “stem cell” in medical research.

We are envisioning eliminating human suffering caused by many diseases by using stem cells in the treatment. We plan to open clinics all over the world.

We are coordinating efforts of scientists from all over the world to replace human organs duplicate by using stem cells.

Future generations will use our clinics to eliminate diseases which sometimes last for lifetime such as diabetes, lung disease, heart disease, and cancer.

Biostage

- ▶ Biostage has been developing its new generation of organ implants as a platform capable of being used in the esophagus and main airways (trachea and bronchi). The current platform, based on Cellframe technology, represents a complete re-engineering of earlier organ scaffold and cell technology to better stimulate the regenerative properties of each of these organs. Biostage's Cellframe technology platform is used to create organ specific Cellspan implants.
- ▶ **Innovation:** We believe our proprietary Cellframe technology can dramatically advance the field of regenerative medicine by improving the treatment options for patients with life-threatening conditions.
- ▶ **Patient Focus:** Developing breakthrough solutions for unmet medical needs and life-threatening conditions is at the center of all we do.
- ▶ **Perseverance:** We are relentless in our commitment to patients, practitioners and each other. We simply never give up.
- ▶ **Courage:** We embrace challenging scientific questions, work to understand the best pathways forward, and develop unique and effective solutions.
- ▶ **Respect:** Our organization is built on respect for one another and invested in our collaborative success.
- ▶ The Company was also the recipient of the NI 2016 Community's Choice Humanitarian Award.

Blue Horizon

- ▶ The Blue Horizon Charitable Foundation is dedicated to increasing the awareness of global inequalities in healthcare, as well as providing charitable medical care and education to adults and children in impoverished areas.
- ▶ The foundation raises capital in order to support medical centers and clinics by providing medicines vital to basic human survival, by performing advanced medical treatments otherwise not accessible to certain geographic regions, and to finance research and development in stem cell therapies and cellular regenerative medicine.
- ▶ BHCF also supports children around the world who have been orphaned as a result of disease and/or war. In order to raise awareness of these situations, BHCF produces documentary films that bring much needed attention to the plight of those with limited or no access to healthcare. The provision of these resources to less developed areas enables the medically underserved to benefit from high quality care and treatment.

Banking

- ▶ 4 SquareBiz Banking Portal is a multifaceted blockchain portal of payment processing and transaction enablement hub procedures representing a multitude of fully transparent transactions peer 2 peer in real time.
- ▶ This platform activity level will focus on the largest payment processing industries including the previously mentioned sectors as well a manufacturing, real estate and automobile financing, bank certificates, surety bonds, and other tradable banking assets including tax credits and real estate.
- ▶ 4 SquareBiz has partnered with key enablement providers at a central bank level that will allow the necessary tools to open both fiat and crypto currency accounts in global markets in Europe, Middle East, and Asia and Africa. More details will be provided at the financial sector below.
- ▶ More details will be provided in the financial sector below.

Energy

- ▶ The 4 Square Biz Energy platform is a combination of renewable energy innovation and traditional energy provisioning.
- ▶ A cost justification will be injected due to our blockchain grouping purchasing discount factors.
- ▶ These savings will be predicated on state-of-the-art technologies that will transform landscape providers into the most efficient and technology laden next gen providers.
- ▶ LIFI which is 10,000 times faster than WIFI will be one of our primary power sources to generate the level of transaction capability that will be needed to support the global power for our payment processing and payment fulfillment requirements.

Lifestyle Fulfillment

- ▶ Four Square Biz's goal is simply stated in our platform's name.
- ▶ We want to provide a degree of lifestyle that provides a greater sense of satisfaction in life activities.
- ▶ Our platform will enable the user to play harder, enjoy longer, and sustain the things in life that give them a greater sense of satisfaction.
- ▶ As part of our value-added features incorporated in the LSF vertical will be an array of apps that are connective in nature to build app or smart phone communities that conduct eCommerce enabled lifestyles.
- ▶ This is another sector that allows token investments.

The Future is Bright

The Global business development Industry is demanding fin-tech solutions that accelerate their growth projections.

The Company intends to use fin-tech block chain technologies to accomplish these goals.

We will offer our expertise to Instructions, Institutional Investors and Countries which includes investment and trading organizations including asset management firms, hedge funds, stock indexes and pension fund organizations.

Exit Strategy

- ▶ The 4 SquareBiz quantum transaction hubs (verticals) may be sequentially deployed. We anticipate a twelve to twenty-four-month developmental time-frame in which to bring the company's four verticals to full operating capacity.
- ▶ 4 SquareBiz plans to utilize a combination of e-Commerce and proprietary artificial intelligence continuous steaming technology. This will allow us to create a block chain transaction that can operate multiple peer to peer transaction exchanges in real time.
- ▶ Our coin offerings will be stabilized by being backed by technology, gold, diamond and hard assets, as well as fiat assets.

Financial Matrix

Institutional investors, including trade platforms and global banking infrastructure providers from every major banking center in the world are aware of some of the emerging trends, and some are early-in participants.

Their participation will serve a dual purpose to 4 SquareBiz. As these financial movers and shakers become more interested and more knowledgeable in the blockchain and "token" industry, they will provide the financial infrastructure needed to launch initial blockchain operations.

They will be incorporated into 4 SquareBiz's payment processing and customer acquisition/retention solutions. Our financial goal is to raise over \$500,000 Million Dollars/Euro's over the next twelve months.

Our End Game

- ▶ As stated in our Four-Square Biz Brand Identity, 4 SquareBiz plans to be the cornerstone of global blockchain business transaction development.

Conclusion

- ▶ In every Millennium, life as humans know it changes direction to either include or exclude life lesson that will either benefit or deconstruct the quality of life that exist at that juncture in time.
- ▶ Historically those times are predicated on the movement of money as it is defined at that moment in time.
- ▶ In my opinion, the Omega Millennium has begun and whatever can be done to level the playing field so that the world in general can benefit from this amazing non-jurisdictional movement of money, will happen in the next decade.

Time is ticking away

- ▶ Time is ticking away the question is: Will you be one of the fortunate that will ride the surfboard on the massive crypto waves coming ashore or crash like when the Internet Tsunami did when it swept all the emerging companies off the board in 2000?
- ▶ Ride with Me as we aboard the luxury liner to a brighter horizon.
- ▶ Act Now Time is Ticking Away

This plan is not the end of our journey but just the beginning of a rewarding and fulfilling adventure that many will benefit from
